**Use:**

Air supply or air exhaust in low and medium pressure installation in non aggressive environment with relative humidity up to 70%.

Fitting:

On rectangular profile air ducts, in plenum boxes and in suspended ceilings. Mounted with the use of a central bolt.

Construction:

Crosswise placement of vents (standard number: 16, 28, 56 or 80) provide an even air stream distribution. Different direction of air flow (horizontally under the ceiling or swirl-type in the direction of people) depending on adequate setting of plastic material blades. Standard colour of blades - white. A panel with white blades or without on request.

Material:

Black steel sheet, galvanised or aluminium.

Surface finish:

White powder coat RAL 9003 or other colour according to RAL catalogue on demand.

Air flow regulation:

With a single leaf damper at the inlet of a SR plenum box.

Certificates:

Technical recommendation: RT ITB-1148/2010

Hygiene certificate: HK/B/1452/01/2009
